ESPA/IAPA CONGRESS

September 6–8, 2018 Hotel Le Plaza: Brussels, Belgium

	THEATRE MEETING ROOM	Thursday, Septemb CHARLESTON ROOM	er 6, 2018 ELISABETH	MARIE-HENRIETTE
09:15–10:00 10:00–12:00	·			
	anaesthesiologist on Planet Earth? Session chairs: Francis Veyckemans, France			
	Qingquan Lian, China Speakers:			
	Franklin Cladis, USA 10:00–10:15			
	Eugène Zoumenou, Benin 10:15–10:30 Tsitsi Chimhundu-Sithole, Zimbabwe			
	10:30–10:45 Yunxia Zuo, China			
	10:45–11:00 Carolina Perez, Columbia 11:00–11:15			
	Sandhya Yaddanapudi, India 11:15–11:30			
	Karin Becke, Germany 11:30–11:45			
12.12.12.12	Discussion 11:45–12:00			
12:15–13:45	Lunch Symposium – Clinical Advances in perioperative monitoring for paediatric patients			
	Session chair: Karin Becke, Germany			
	Can NIRS monitoring improve patient outcome in paediatric populations?			
	Laszlo Vutskits, Switzerland 12:15–12:45			
	The oxygen reserve index Peter Szmuk, USA 12:44–13:15			
	Brain Activity During General Anaesthesia: Decoding Signals			
	of Anaesthetic Depth and Implications for Neurodevelopment			
14:00–15:30	Laura Cornellisen, USA 13:15–13:45 Panel 2 – Fetal Surgery and Anaesthesia	Panel 3 – Updates in paediatric airway	Workshop 1	Workshop 2
14.00-15.50	ranei 2 – retai Surgery and Anaestriesia	management	Safe PAEDS – WFSA Workshop	Paediatric Anaesthesia Journal Workshop How to write a manuscript?
	Session chairs: Shoichi Uezono, Japan	Session chairs: David Linscott, Christchurch, New	Faye Evans, USA Mary Nabukenya, Kenya	Andrew Davidson, Australia Brian Anderson, New Zealand
	Dean Kurth, USA	Zealand Tamas Kovesi, Hungary		
	Fetal surgery: past, present and future TBD 14:00–14:30	Recognizing the difficult airway before anaesthesia induction Carolina Perez, Columbia		
	Anaesthesia for fœtal surgery	14:00–14:25 Difficult airway management		
	Sarah Devroe, Belgium 14:30–15:00	with limited resources in Benin Eugène Zoumenou, Benin		
	The EXIT procedure	14:25–14:45 Difficult airway management		
	Reema Nandi, United Kingdom 15:00–15:30	with limited resources in Zimbabwe Tsitsi Chimhundu-Sithole, Zimbabwe 14:45–15:05		
		CICO rescue: what is the best? Thomas Engelhardt, Scotland		
15:30–16:30		15:05–15:30 Coffee Break a	nd Poster Walks	
16:30–18:00	Panel 4 – Perioperative physiology in paediatric anaesthesia	Panel 5 – The Editors' Picks	Workshop 3 Safe PAEDS – WFSA Workshop	Workshop 4 Teach the teacher – how to present a talk?
	Session chairs: Sulpicio Soriano, USA Michael Hornung, United Arab Emirates	Session chairs: Nicola Disma, Italy Johan Berghmans, Belgium	Faye Evans, USA Mary Nabukenya, Kenya	Ehrenfried Schindler, Germany Nigel Turner, Netherlands
	Respiratory physiology of the premature newborn	Anaesthesia		
	Walid Habre, Switzerland 16:30–17:00	Andrew Davidson, Australia 16:30–17:00		
	Cerebral blood flow autoregulation Justin Skowno, Australia	Intensive Care Brian Anderson, New Zealand		
	17:00–17:30 Glucose metabolism Nadia Najafi, Belgium	17:00–17:30 Pain Suellen Walker, United Kingdom		
18:00–19:30	17:30–18:00	17:30–18:00	Reception	
	THEATRE MEETING ROOM	Friday, Septembei CHARLESTON ROOM	r 7, 2018 ELISABETH	MARIE-HENRIETTE
09:00–10:00	The wonderful world of the Human			
	Genome Jean-Jacques Cassiman, Belgium			
10:15–11:45	Panel 6 – Anaesthesia in hostile environments Session chairs:		Workshop 5 Simulation scenario training	Workshop 6 Simulation scenario training
	Larissa Cronjé, South Africa Nada Sabourdin, France			
	Annaesthesia and damage control Anne Laffargue, France			
	10:15–10:45 Providing anaesthesia for children			
	in rural areas of Uganda Sarah Hodges, Uganda 10:45–11:15			
	Humanitarian challenges in paediatric anaesthesia			
	Miguel Trelles, Belgium 11:15–11:45			
12:00–13:45	Lunch Symposium – The art of sedation practices around the world			
	Session chair: Laszlo Vutskits, Switzerland			
	Sedation practices for children in India Sandhya Yaddanapudi, India 12:00–12:30			
	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation			
	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture			
	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors,			
	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45			
14:00–15:30	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45 Panel 7 – Belgian Association of Paediatric Anaesthesia (BAPA) Panel	Panel 8 – Regional anaesthesia and pain management	Workshop 7 Simulation scenario training	Workshop 8 Simulation scenario training
14:00–15:30	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45 Panel 7 – Belgian Association of Paediatric Anaesthesia (BAPA) Panel Session chairs: Francis Veyckemans, France	and pain management Session chairs: Maria Vittinghoff, Austria		
14:00–15:30	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45 Panel 7 – Belgian Association of Paediatric Anaesthesia (BAPA) Panel Session chairs:	and pain management Session chairs: Maria Vittinghoff, Austria David Rosen, Canada Regional anaesthesia in India		
14:00–15:30	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45 Panel 7 – Belgian Association of Paediatric Anaesthesia (BAPA) Panel Session chairs: Francis Veyckemans, France Julie Lauweryns, Belgium Psychological aspects of paediatric anaesthesia Johan Berghmans, Belgium 14:00–14:30	and pain management Session chairs: Maria Vittinghoff, Austria David Rosen, Canada Regional anaesthesia in India Vsrushali Ponde, India 14:00–14:30		
14:00–15:30	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45 Panel 7 – Belgian Association of Paediatric Anaesthesia (BAPA) Panel Session chairs: Francis Veyckemans, France Julie Lauweryns, Belgium Psychological aspects of paediatric anaesthesia Johan Berghmans, Belgium 14:00–14:30 Updates on vascular access Thierry Pirotte, Belgium	and pain management Session chairs: Maria Vittinghoff, Austria David Rosen, Canada Regional anaesthesia in India Vsrushali Ponde, India 14:00–14:30 Regional anaesthesia in China Xu Ting, Chengdu, China		
14:00–15:30	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45 Panel 7 – Belgian Association of Paediatric Anaesthesia (BAPA) Panel Session chairs: Francis Veyckemans, France Julie Lauweryns, Belgium Psychological aspects of paediatric anaesthesia Johan Berghmans, Belgium 14:00–14:30 Updates on vascular access Thierry Pirotte, Belgium 14:30–15:00 Blood pressure and hemodynamic	and pain management Session chairs: Maria Vittinghoff, Austria David Rosen, Canada Regional anaesthesia in India Vsrushali Ponde, India 14:00–14:30 Regional anaesthesia in China Xu Ting, Chengdu, China 14:30–15:00 Paediatric Regional Anaesthesia		
	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45 Panel 7 – Belgian Association of Paediatric Anaesthesia (BAPA) Panel Session chairs: Francis Veyckemans, France Julie Lauweryns, Belgium Psychological aspects of paediatric anaesthesia Johan Berghmans, Belgium 14:00–14:30 Updates on vascular access Thierry Pirotte, Belgium 14:30–15:00 Blood pressure and hemodynamic management Françoise De Groote, Belgium 15:00–15:30	and pain management Session chairs: Maria Vittinghoff, Austria David Rosen, Canada Regional anaesthesia in India Vsrushali Ponde, India 14:00–14:30 Regional anaesthesia in China Xu Ting, Chengdu, China 14:30–15:00 Paediatric Regional Anaesthesia Network (PRAN) David Polaner, USA 15:00–15:30	Simulation scenario training	
14:00–15:30 15:30–16:30 16:30–18:00	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45 Panel 7 – Belgian Association of Paediatric Anaesthesia (BAPA) Panel Session chairs: Francis Veyckemans, France Julie Lauweryns, Belgium Psychological aspects of paediatric anaesthesia Johan Berghmans, Belgium 14:00–14:30 Updates on vascular access Thierry Pirotte, Belgium 14:30–15:00 Blood pressure and hemodynamic management Françoise De Groote, Belgium 15:00–15:30	and pain management Session chairs: Maria Vittinghoff, Austria David Rosen, Canada Regional anaesthesia in India Vsrushali Ponde, India 14:00–14:30 Regional anaesthesia in China Xu Ting, Chengdu, China 14:30–15:00 Paediatric Regional Anaesthesia Network (PRAN) David Polaner, USA 15:00–15:30	Simulation scenario training nd Poster Walks Workshop 9	Simulation scenario training Workshop 10
15:30–16:30	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45 Panel 7 – Belgian Association of Paediatric Anaesthesia (BAPA) Panel Session chairs: Francis Veyckemans, France Julie Lauweryns, Belgium Psychological aspects of paediatric anaesthesia Johan Berghmans, Belgium 14:00–14:30 Updates on vascular access Thierry Pirotte, Belgium 14:30–15:00 Blood pressure and hemodynamic management Françoise De Groote, Belgium 15:00–15:30 Panel 9 – Hot topics in Paediatric Anaesthesia Session chairs:	and pain management Session chairs: Maria Vittinghoff, Austria David Rosen, Canada Regional anaesthesia in India Vsrushali Ponde, India 14:00–14:30 Regional anaesthesia in China Xu Ting, Chengdu, China 14:30–15:00 Paediatric Regional Anaesthesia Network (PRAN) David Polaner, USA 15:00–15:30 Coffee Break and Panel 10 – 10 Best Posters	Simulation scenario training	Simulation scenario training
15:30–16:30	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45 Panel 7 – Belgian Association of Paediatric Anaesthesia (BAPA) Panel Session chairs: Francis Veyckemans, France Julie Lauweryns, Belgium Psychological aspects of paediatric anaesthesia Johan Berghmans, Belgium 14:00–14:30 Updates on vascular access Thierry Pirotte, Belgium 14:30–15:00 Blood pressure and hemodynamic management Françoise De Groote, Belgium 15:00–15:30 Panel 9 – Hot topics in Paediatric Anaesthesia Session chairs: Petronella Vermeulen, Netherlands Rosen David, Canada	and pain management Session chairs: Maria Vittinghoff, Austria David Rosen, Canada Regional anaesthesia in India Vsrushali Ponde, India 14:00–14:30 Regional anaesthesia in China Xu Ting, Chengdu, China 14:30–15:00 Paediatric Regional Anaesthesia Network (PRAN) David Polaner, USA 15:00–15:30 Coffee Break and Panel 10 – 10 Best Posters	Simulation scenario training nd Poster Walks Workshop 9	Simulation scenario training Workshop 10
15:30–16:30	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45 Panel 7 – Belgian Association of Paediatric Anaesthesia (BAPA) Panel Session chairs: Francis Veyckemans, France Julie Lauweryns, Belgium Psychological aspects of paediatric anaesthesia Johan Berghmans, Belgium 14:00–14:30 Updates on vascular access Thierry Pirotte, Belgium 14:30–15:00 Blood pressure and hemodynamic management Françoise De Groote, Belgium 15:00–15:30 Panel 9 – Hot topics in Paediatric Anaesthesia Session chairs: Petronella Vermeulen, Netherlands Rosen David, Canada Airway in small children – what fits the best? Britta von Ungern-Sternberg, Australia	and pain management Session chairs: Maria Vittinghoff, Austria David Rosen, Canada Regional anaesthesia in India Vsrushali Ponde, India 14:00–14:30 Regional anaesthesia in China Xu Ting, Chengdu, China 14:30–15:00 Paediatric Regional Anaesthesia Network (PRAN) David Polaner, USA 15:00–15:30 Coffee Break and Panel 10 – 10 Best Posters Session chairs: Jurgen de Graaff, Netherlands	Simulation scenario training nd Poster Walks Workshop 9	Simulation scenario training Workshop 10
15:30–16:30	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45 Panel 7 – Belgian Association of Paediatric Anaesthesia (BAPA) Panel Session chairs: Francis Veyckemans, France Julie Lauweryns, Belgium Psychological aspects of paediatric anaesthesia Johan Berghmans, Belgium 14:00–14:30 Updates on vascular access Thierry Pirotte, Belgium 14:30–15:00 Blood pressure and hemodynamic management Françoise De Groote, Belgium 15:00–15:30 Panel 9 – Hot topics in Paediatric Anaesthesia Session chairs: Petronella Vermeulen, Netherlands Rosen David, Canada Airway in small children – what fits the best? Britta von Ungern-Sternberg, Australia 16:30–17:00 Do we need myorelaxation	and pain management Session chairs: Maria Vittinghoff, Austria David Rosen, Canada Regional anaesthesia in India Vsrushali Ponde, India 14:00–14:30 Regional anaesthesia in China Xu Ting, Chengdu, China 14:30–15:00 Paediatric Regional Anaesthesia Network (PRAN) David Polaner, USA 15:00–15:30 Coffee Break and Panel 10 – 10 Best Posters Session chairs: Jurgen de Graaff, Netherlands	Simulation scenario training nd Poster Walks Workshop 9	Simulation scenario training Workshop 10
15:30–16:30	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45 Panel 7 – Belgian Association of Paediatric Anaesthesia (BAPA) Panel Session chairs: Francis Veyckemans, France Julie Lauweryns, Belgium Psychological aspects of paediatric anaesthesia Johan Berghmans, Belgium 14:00–14:30 Updates on vascular access Thierry Pirotte, Belgium 14:30–15:00 Blood pressure and hemodynamic management Françoise De Groote, Belgium 15:00–15:30 Panel 9 – Hot topics in Paediatric Anaesthesia Session chairs: Petronella Vermeulen, Netherlands Rosen David, Canada Airway in small children – what fits the best? Britta von Ungern-Sternberg, Australia 16:30–17:00	and pain management Session chairs: Maria Vittinghoff, Austria David Rosen, Canada Regional anaesthesia in India Vsrushali Ponde, India 14:00–14:30 Regional anaesthesia in China Xu Ting, Chengdu, China 14:30–15:00 Paediatric Regional Anaesthesia Network (PRAN) David Polaner, USA 15:00–15:30 Coffee Break and Panel 10 – 10 Best Posters Session chairs: Jurgen de Graaff, Netherlands	Simulation scenario training nd Poster Walks Workshop 9	Simulation scenario training Workshop 10
15:30–16:30	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45 Panel 7 – Belgian Association of Paediatric Anaesthesia (BAPA) Panel Session chairs: Francis Veyckemans, France Julie Lauweryns, Belgium Psychological aspects of paediatric anaesthesia Johan Berghmans, Belgium 14:00–14:30 Updates on vascular access Thierry Pirotte, Belgium 14:30–15:00 Blood pressure and hemodynamic management Françoise De Groote, Belgium 15:00–15:30 Panel 9 – Hot topics in Paediatric Anaesthesia Session chairs: Petronella Vermeulen, Netherlands Rosen David, Canada Airway in small children – what fits the best? Britta von Ungern-Sternberg, Australia 16:30–17:00 Do we need myorelaxation for endotracheal intubation? Françis Veyckemans, France 17:00–17:30 What is an empty stomach? Peter Frykholm, Sweden	and pain management Session chairs: Maria Vittinghoff, Austria David Rosen, Canada Regional anaesthesia in India Vsrushali Ponde, India 14:00–14:30 Regional anaesthesia in China Xu Ting, Chengdu, China 14:30–15:00 Paediatric Regional Anaesthesia Network (PRAN) David Polaner, USA 15:00–15:30 Coffee Break and Panel 10 – 10 Best Posters Session chairs: Jurgen de Graaff, Netherlands	Simulation scenario training nd Poster Walks Workshop 9	Simulation scenario training Workshop 10
15:30–16:30	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45 Panel 7 – Belgian Association of Paediatric Anaesthesia (BAPA) Panel Session chairs: Francis Veyckemans, France Julie Lauweryns, Belgium Psychological aspects of paediatric anaesthesia Johan Berghmans, Belgium 14:00–14:30 Updates on vascular access Thierry Pirotte, Belgium 14:30–15:00 Blood pressure and hemodynamic management Françoise De Groote, Belgium 15:00–15:30 Panel 9 – Hot topics in Paediatric Anaesthesia Session chairs: Petronella Vermeulen, Netherlands Rosen David, Canada Airway in small children – what fits the best? Britta von Ungern-Sternberg, Australia 16:30–17:00 Do we need myorelaxation for endotracheal intubation? Françis Veyckemans, France 17:00–17:30 What is an empty stomach? Peter Frykholm, Sweden 17:30–18:00	and pain management Session chairs: Maria Vittinghoff, Austria David Rosen, Canada Regional anaesthesia in India Vsrushali Ponde, India 14:00–14:30 Regional anaesthesia in China Xu Ting, Chengdu, China 14:30–15:00 Paediatric Regional Anaesthesia Network (PRAN) David Polaner, USA 15:00–15:30 Coffee Break at Panel 10 – 10 Best Posters Session chairs: Jurgen de Graaff, Netherlands Piedad Echeverry, Columbia	nd Poster Walks Workshop 9 Simulation scenario training	Simulation scenario training Workshop 10
15:30–16:30 16:30–18:00	Sandhya Yaddanapudi, India 12:00–12:30 Non-intravenous means of sedation in children Michael Brackhahn, Germany 12:30–13:00 Adverse events in sedation: predictors, outcomes and establishing a culture of safety Keira Mason, USA 13:00–13:30 Discussion 13:30–13:45 Panel 7 – Belgian Association of Paediatric Anaesthesia (BAPA) Panel Session chairs: Francis Veyckemans, France Julie Lauweryns, Belgium Psychological aspects of paediatric anaesthesia Johan Berghmans, Belgium 14:00–14:30 Updates on vascular access Thierry Pirotte, Belgium 14:30–15:00 Blood pressure and hemodynamic management Françoise De Groote, Belgium 15:00–15:30 Panel 9 – Hot topics in Paediatric Anaesthesia Session chairs: Petronella Vermeulen, Netherlands Rosen David, Canada Airway in small children – what fits the best? Britta von Ungern-Sternberg, Australia 16:30–17:00 Do we need myorelaxation for endotracheal intubation? Françis Veyckemans, France 17:00–17:30 What is an empty stomach?
